I am a Front end developer with 2 years of experience who is currently looking for opportunities of implementation of new projects as well of attaining new skills. I have gained a huge developing skills and proficiency in different programming frameworks during my academic and working career. I'd especially underline my abilities of working with JavaScript programing language as I have always been in interaction with projects containing those frameworks. My services are fast and reliable. You can contact me any time. Thank you for your interest.
